shows scenes from farms around the world, and on every page, there are dozens of things to spot. The detailed pictures provide hours of looking and talking, and dedicated spotters will be unable to put the book down until they have found all the water buffaloes in the rice fields, the cocoa pods on the tropical farm, or eight lambs on the sheep farm.

Point to note: the Usborne Big Book of things to spot, which we also bought from Amazon is a bumper book that includes many of the smaller ones, including 1001 things to spot on the farm. I hadn't realised this when I bought both, but it's useful to have both as the farm one is smaller and slightly easier to carry round as a result.
