50 Philosophy of Science Ideas You Really Need to Know by ...

I was impressed by how the author nicely grouped the fifty ideas into the basic themes of philosophy. He only devotes four pages to each idea, but packs each one with much profundity. Sidelight information is boxed off as footnotes which can be distracting, and I'd suggest reading straight through the article and then read the boxed-off footnotes afterwards.

50 Philosophy Ideas You Really Need to Know by Ben Dupre ...

If you can't do this, then you need to go back and look at the article again to get a better understanding of what the author is up to. You should expect to read a philosophy article more than once. I've been doing philosophy for more than ten years and I still have to read articles many times before I fully understand them.
