Firing order for ferrari V8's 13-02-05, 01:05 PM. Hey All, have searched google to no avail. what i am after is the firing order (and the associated cylinder numbering scheme) for any of the recent flat plane ferrari V8's, ie 355, 360, 430. There are a lot of different firing orders that would in theory work, but obviously 1 or more are optimal ...

Firing order for ferrari V8's - PerformanceForums

I would also assume a cross-plane V8 would run a little smoother, but without any knowledge in the firing order of single-plane V8s, I cant say that for sure. I would intuitively say that there are always two pistons on a compression stroke at the same time, instead of slightly before or after each other like an american V8, so the sparks ...
