Autodesk Inventor tutorial V12 engine | Ep 02 Full HD ...

In this tutorial i will be showing how to create a M10 Hex Nut using Autodesk Inventor 2020. Normally people create a polygon followed by extruding it and later creating a hole of 10 mm to design one, but that is not enough. We need to do the following steps of creating a polygon, extruding it, create a taper of 45 degree on the top and bottom surface followed by creating a hole and later ...
