Figuring out

Relatedness from a

Tree When determining

how related a species

is to another, it's all

relative. If you think

about it, all organisms

are related to another

since we all came from

a single celled

organism in the

Download Free Case Study Tree Thinking Answers

beginning. That's our common ancestor. But when we have a tree and want to determine how related species are to one another, we need to remember it's only in the context of that tree.

Download Free Case Study Tree Thinking Answers

Tree thinking has during the 20th century largely replaced group thinking, developmental thinking and anthropocentrism in biology. Unfortunately, however, this does not imply that tree thinking can be taken for granted. The findings reported here indicate that tree thinking is very much an acquired ability which needs
