Checklist for Success - Aircraft Spruce

The normal flight-deck checklist depicts a set of different tasks the pilot must perform or verify in order to configure the aircraft and prepare the crew for certain macro-tasks such as ENGINE START, TAXI, TAKEOFF, etc.

Human Factors of Flight-Deck Checklists: The Normal Checklist

Background A checklist is an algorithmic listing of actions to be performed in a given clinical setting, the goal being to ensure that no step will be forgotten. Although a seemingly simple intervention, checklists have a sound theoretical basis in principles of human factors engineering and have played a major role in some of the most significant successes achieved in the patient safety movement.
