Thoreau's Civil Disobedience espouses the need to prioritize one's conscience over the dictates of laws. It criticizes American social institutions and policies, most prominently slavery and the Mexican-American War. Thoreau begins his essay by arguing that government rarely proves itself useful and that it derives its power from the majority because they are the strongest group, not because they hold the most legitimate viewpoint.

Resistance to Civil Government, called Civil Disobedience for short, is an essay by American transcendentalist Henry David Thoreau that was first published in 1849. In it, Thoreau argues that individuals should not permit governments to overrule or atrophy their consciences, and that they have a duty to avoid allowing such acquiescence to enable the government to make them the agents of injustice. Thoreau was motivated in part by his disgust with slavery and the Mexican-American War.
