Dual 1019 Series. The Dual 1019 without doubt is duals finest turntable they ever built. Over the years I've had the opportunity to try out almost every dual turntable made and the 1019 has remained in my home reference system for over twenty years. The friction free dynamically balanced tonearm is a work of art in it's self.

Welcome to FixMyDual

I have had no previous experience with Dual turntables before. I did find both the service and owners' manuals on VinylEngine, but I wanted some hands-on advice on where to start troubleshooting. One of the people who commented on VE's page about the 701 suggested that it's probably not working due to a burned-out capacitor in the power supply.
