[PDF] The Handbook Of Infrastructure Investing

Yet the infrastructure space that Extrastatecraft depicts is also deeply embedded in systems of replication and (re)legislation which surpass the materiality of the concrete trade oasis or the visceral pervasiveness of submarine and cross-continental cabling, and, therefore, Easterling also takes us to the operations of the International Organization for Standardization (ISO), where the construction of 'quality' standards embodies the 'power that non-state organizations can have in the ...

Extrastatecraft: the power of infrastructure space. By ...

Extrastatecraft turns out to be a survey of the state of supranational infrastructures. Things like free trade zones, international broadband, and telecommunications in general have been harmonized, homogenized and replicated all over the world, beyond the reach of governing power structures to modify them.
