There are specific categories of books on the website that you can pick from, but only the Free category guarantees that you're looking at free books. They also have a Jr. Edition so you can find the latest free eBooks for your children and teens.

### Human Factors In Product Design

Human Factors in Product Design. Products and services are more likely to be used as intended – safely and effectively – when their design considers the needs, particular limits and capabilities, workflow, and functional conceptualization (“mental model”) of the intended users. Users of a product or service often vary along many dimensions, including vision, hearing, manual dexterity, strength, and reach, etc. Cognitive functions, such as attention, memory, information processing ...
