I am using the C804's as the main left and right and the C603's as the center and rear surrounds. The 804's live up to their billing as full range speakers but don't seem to have the depth of the C603's. There is a single A804 on e-bay for \$125 that I am thinking of picking up for a center to better balance with the A804's in the front.
