I'm Dr. Jane Goodall. I'm a scientist and conservationist. I've spent decades studying chimpanzees and their remarkable similarities to humans. My latest project is my first-ever online class, focused on animal intelligence, conservation, and how you can take action against the biggest threats facing our planet.

I am Dr. Jane Goodall, a scientist, conservationist ...

UNSW Dean of Science Professor Emma Johnston and British primatologist Dr Jane Goodall. There were moments of fear in the rainforest, when wary chimpanzees threatened her with branches. And great shock and sadness when she realised our closest relatives were dying out across Africa, due to deforestation and loss of habitat, hunting for meat ...

Jane Goodall on her extraordinary life with chimpanzees ...

Dr. Jane Goodall, the world-renowned conservationist, desperately wants the world to pay attention to what she sees as the greatest threat to humanity's existence.. CBS News recently spoke to Goodall over a video conference call and asked her questions about the state of our planet. Her soft-spoken grace somehow helped cushion what was otherwise extremely sobering news: "I just know that ...
