in epic poetry. For this reason, scholars argue that 'the epic' has long since become "disembedded" from its origins in oral poetry, appearing in successive narrative media throughout history.

### **Epic (genre) - Wikipedia**

A story is one simple narrative; a series of related and interdependent stories makes up an epic. The same is true for your work management, where the completion of related stories leads to the completion of an epic. The stories tell the arc of the work completed while the epic shares a high-level view of the unifying objective. On an agile ...
