Learning research in criminal justice helps students think critically and ultimately aids in the formulation of evidence-based criminal justice policies and practices.

The Purpose of Learning Research in Criminal Justice ...

Courts can also create law in the absence of an applicable statute. The process by which courts create law is called legal precedent, which means that courts must follow the rule set forth by previous decisions of a court of competent jurisdiction. This is known as a “common law” system. There is a hierarchy of courts.
