Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Men In Black The Secret

Since Barker died only a year after the release of "MIB: Secret Terror," it was not widely distributed. As such, it became enormously rare and expensive. Now, for the first time, it has been made available to the general public. Barker was the first researcher to coin the term "Men in Black" in the 1950s.

Men in Black, first published in 1942, is a novel of Czech resistance to the occupying Germans in the early days of World War Two, and the struggle against the Gestapo, or Nazi secret police. The culminating act of the resistance is the assassination of Reinhard Heydrich, head of the Gestapo, which would lead to massive reprisals, including the razing of the village of Lidice and the execution of many of its inhabitants (the original subtitle of the book was "A Novel about Lidice," but ...

Bender maintained that the men in black were secret government agents who had been given the task of suppressing evidence of UFOs. The ufologist John Keel claimed to have had encounters with men in black and referred to them as "demonic supernaturals" with "dark skin and/or 'exotic' facial features."

Men in black - Wikipedia

"Men in Black" is a fast-paced action-comedy that over-achieves the whole way. Tommy Lee Jones and Will Smith make an amazing comedy team as the title characters who protect the Earth from the scum of the universe. Everything is tongue-in-cheek and the whole film works in a really great way.
