Although nowadays more women occupy leadership roles, they still are a minority. Because aspiration is a precursor of advancement, examining conditions fostering female leadership aspiration is important. A neglected perspective is the impact of organizational identification. Identification can be argued to foster leadership aspiration because the essence of leadership is the pursuit of ...

### **Gender and leadership aspiration: the impact of ...**

Leadership has nothing to do with title. A true leader does not desire power and control over others. Rather, a strong leader marks his or her success by the number of people they inspire and empower. They do this not by force, intimidation or coercion, nor by way of their name, position or rank.

## Download Free Nature Centered Leadership An Aspirational Narrative On Sustainability

Leadership in aspirational corporations is much more than the common image of a passionate, charismatic, innovative CEO. The ability to lead—to inspire, direct, and teach others in an organization—is a capability that must permeate an organization. As companies grow, their ambitions are often undermined by a leadership deficit.
