### Nike+ SportWatch GPS Troubleshooting - iFixit

If you're a Nike+ app/SportWatch GPS user, you should know this. PSA. I know that some people sign up to apps with a spam email address to avoid getting junk mail, so I'm assuming that not all Nike users are aware of this yet. But this is really important. Nike sent an email to a bunch of their users this morning and I've included the text below.

### If you're a Nike+ app/SportWatch GPS user, you should know ...

SportWatch GPS keeps track of your location, pace, distance, laps, and calories burned; Keeps you motivated and on track with unique features like automatic run-reminders; Check your NikeFuel, set goals, track your progress, view your splits, and connect with other runners; Nike+ Connect on 32-bit and 64-bit PCs

Make every run count with the Nike Run Club app. Track runs, challenge friends and get motivated to keep going.

### Nike Run Club App. Nike.com

That is a Nike product not a TT one (TT just co-branded the GPS components). You need to go to Nike for that, but considering it has been out of production for years I doubt there are many, if any, left. TT is facing the same thing with their own watches as they left the market almost a year ago and stopped production so they are running low.

### Replacement of Strap for Nike+ SportWatch GPS — TomTom ...

It is a Nike watch, TT just supplied the GPS chip, so my analogy is apt, it is like expecting the maker of a part for your car (to continue your analogy) to provide support for the entire car. Once the chip is in the device it is Nike's system that it is running on and Nike needs to support it.
