When the two new data centers are complete, the NYPD will have full redundancy and back-up in both the data centers and the network for the first time, so any failure of part of the system will

have no effect on operations. The NYPD is replacing the entirety of its radio infrastructure for modern technology and is expected to go online in 2016.

Technology - NYPD

The NYPD keeps New Yorkers informed through various channels and media, in order to not only provide them with an unprecedented amount of transparency into the department charged with protecting them, but also with a means of hearing, watching, and reading the stories of the dedicated and hardworking officers that comprise the NYPD.
