These “oracle bone” fragments, some of which show an ancient Chinese script, are housed at the Royal Ontario Museum in Toronto. The pieces here are just a tiny fraction of the many thousands discovered thus far at a single site in China.

### **Chinese Oracle Bones - The Chinese History That Is Written ...**

Oracle bones are pieces of ox scapula or turtle plastron, which were used for pyromancy – a form of divination – in ancient China, mainly during the late Shang dynasty. Scapulimancy is the correct term if ox scapulae were used for the divination, plastronomy if turtle plastrons were used. Diviners would submit questions to deities regarding future weather, crop planting, the fortunes of members of the royal family, military endeavors, and other similar topics. These questions were ...

### **Oracle bone - Wikipedia**

Oracle bones are a type of artifact found in archaeological sites in several parts of the world, but they are best known as a significant characteristic of the Shang dynasty [1600-1050 BC] in China. Oracle bones were used to practice a specific form of divination, fortune-telling, known as pyro-osteomancy.
