(PDF) Organizational change management theories and safety ...

Four-Stage Theory of Organizational Change Another more modern theory of organizational change is called stage theory. It is also similar to Lewin's theory, but it involves four steps rather than three. It also incorporates Rogers's diffusion of innovations within each stage.

Organizational Change Theory | Bizfluent

Lewin's change management model Lewin's model is one of the most popular approaches, and it's easy to see why. By splitting the change process into three stages you can break a large, unwieldy shift into bitesize chunks which account for both the processes and people in your company. Lewin describes three stages of change management:
