Originally owned Pioneer CLD-D605 LaserDisc and CD player combo. Includes original remote and operating manual. Great unit and I have recently used it to test laserdiscs. Does not always switch sides from A to B and needs either manual assistance (with cover open to help the laser head navigate the track) or some minor repair. ...

I've got a Pioneer CLD-D505 that does not power on and I need to check the fuse and power supply outputs. Only problem is I can't get the tray to move out of the front of the unit to gain access to the power supply board. I've spun the motor on the left side of the unit but this only advances the CD tray, not the big LD tray.
