### The Retrieving Experience Subjectivity And

In Retrieving Experience, Sonia Kruks engages critically with the postmodern turn in feminist and social theory. She contends that, although postmodern analyses yield important insights about the place of discourse in constituting subjectivity, they lack the ability to examine how experience often exceeds the limits of discourse.

### Retrieving Experience : Subjectivity and Recognition in ...

Sonia Kruks' latest book, Retrieving Experience, is a valuable contribution to ongoing debates about the relevance of feminist philosophy in a period of relative political quietism. It also offers timely reminders of historical continuities between phenomenological and postmodern conceptions of subjectivity and political engagement.

### Retrieving Experience: Subjectivity and Recognition in ...

"Overall Retrieving Experience makes an outstanding political contribution to post-postmodern understandings of the subject that move significantly beyond the current impasse of the Kruks retelling of a tale... offers insights that should well invigorate international mainstream discussions of the subject as well as feminist political engagements into the new millennium."

## **64 questions with answers in SUBJECTIVITY | Science topic**

The situated nature of perception, i.e. its subjectivity or objectivity, is an extremely important qualifier of the human experience. It is in fact one of the most widely recognized and researched fields of psychological inquiry, particularly in light of Jaques Lacan's theory of "the mirror stage."

## **Objectivity vs. Subjectivity, and Walking the Line Between ...**

Broadly, subjectivity means the fact of being a subject—someone who experiences the world and acts from their own distinct, individual perspective. It contrasts with objectivity, which suggests a universal and impartial perspective on the world. Sartre argues that every person is a moral subject and, therefore, all human experience is subjective.
