The Major Theories of International Relations | Profolus

International relations theories attempt to explain and extrapolate possible outcomes with regard to policy issues, foreign policy decisions, war propensity and animosity between states as well as the structure of the international system. The relevance of the major international relations theories has been a matter of much debate throughout the last 25 years, with the discourse having been divided mainly between (neo)liberal and (neo)realist thought.

(PDF) THEORIES OF INTERNATIONAL RELATIONS-II

Abstract. The four classical liberals had a number of common ideas on the timeless issues of international relations such as war and peace, trade, international law, and the balance of power. This allows for the presentation of a synthesis in the form of a comprehensive classical liberal theory of IR, which is very different from the current accounts of liberalism in IR theory.

Liberalism and International Relations Theory | SpringerLink

Realism, liberalism and constructivism may be the three most prominent theories of international relations, but they are by no means the only ones or the most important.

This book provides a comprehensive introduction to the various theories of International Relations, ranging from traditional perspectives such as Realism and Liberalism to newer and emerging theories, including Green Theory, Queer Theory, and Securitization Theory.

International Relations Theory - Open Textbook Library

This book is a comprehensive guide to theories of International Relations (IR). Given the limitations of a paradigm-based approach, it sheds light on eighteen theories and new theoretical perspectives in IR by examining the work of key reference theorists. The chapters are all written to a common template.
