Fewer Accidents. Sleepy drivers cause at least 100,000 highway crashes a year. Nodding off at the wheel isn't the only problem. A lack of rest can lead to a drop in what doctors call mental ...

Why You Need to Get Enough Sleep - WebMD

A robust 64GB is a decent choice. This option allows you to have enough space for apps, photos and other files, and you won't have to deal with constant system slowdowns while playing games or multitasking. Fans of mobile games with good graphics, which can often take up several GB per game, should consider 64 at the very least.
